Real chris walks in. "Hey Mallory, hey, what the heck" chris screams. "Oh shut up." says fake chris as he gets up and starts fighting with real chris.

They stop fighting.

"I'm the real chris!"  
"No, I am, choose Mallory."  
"Well the real chris got a D+ on his math test and put it in his pocket after wards."

"I got it right here" Says Fake chris. (fake chris took D+ m-test out real chris's pocket while they were fighting) "wait, no, please" - real chris

Mallory takes a knife and stabs real chris thinking it was the fake chris.

"I'm glad I killed that fake chris." "Ya" fake chris spins his head all the way around and his eyes turn yellow. "OK"

Hogsquel is on his morning walk.

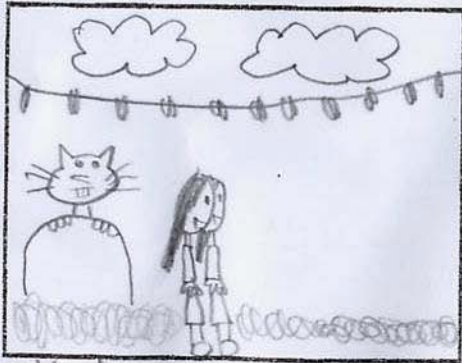

(forest)

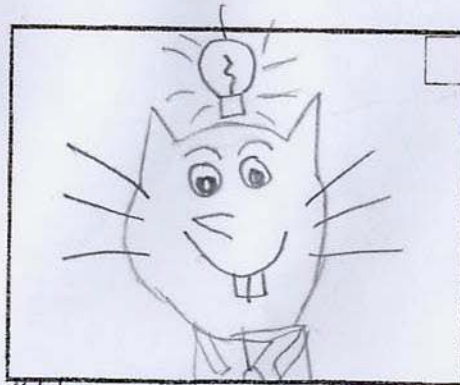

He suddenly feels funny.

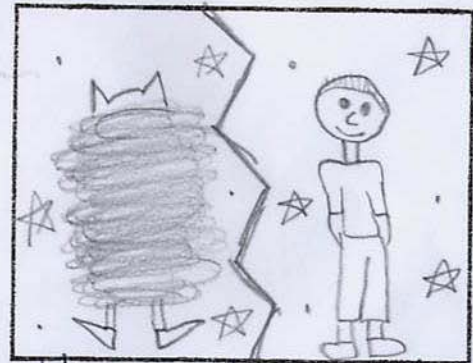

Then he turns into Mulgarath. (shadow)

He hears someone coming so he hides behind a rock. It turns out to be his arch-nemesis, Mallory. "Did you see Chris yesterday, he winked at me."

"Hmmm. I got an idea. I will turn into a Chris with my awesome, transformational, shape-shifting ability and hold Mallory hostage and trade her for the book!"

Hogsquel turns into Chris.
